

VS. BALLOON FIGHT

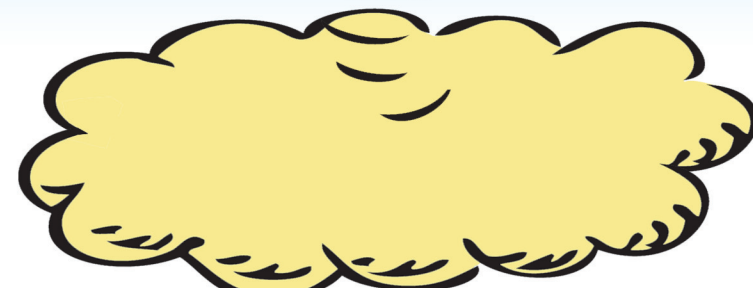

Engage the enemies and try to burst their balloons before losing your own balloons or getting eaten by the giant fish!

Ram an enemy while your are on a higher level than him. This will pop his balloon, forcing him to resort to his parachute. If he manages to land, he will eventually inflate a new balloon and take to the sky again if enough time passes.

If you hit the enemy on the ground or break his parachute, you finish off the enemy. Clear stages by defeating all the enemies.
